

# COVID-19 News Update

Dear Parents,

The Premier announced at **3:53pm, Thursday 10 November 2022**, that Queensland is moving from the green [traffic light status](#) to **Amber** (Tier 1).

This means there are moderate rates of community transmission of COVID-19.

In addition to precautions you should take for the green traffic light status, such as staying home when sick and testing for COVID-19 if you have acute respiratory symptoms, the **amber** advice recommends:

- wear a mask
  - in healthcare settings
  - indoors, if you can't physically distance
  - on public transport
  - if you are older or medically at risk
  - if you're around people who are vulnerable to COVID-19
- take a rapid antigen test (RAT) every 2 days if someone in your household has COVID-19.

Effective [hygiene practices](#) are key to limiting community transmission of disease. Remember to wash your hands regularly, cover your mouth and nose with a tissue when coughing or sneezing and open windows to promote air flow.

## Further information

Stay up to date by regularly checking the [Queensland Government COVID-19 website](#) and visiting our COVID-19 pages on [our departmental website](#) and [OnePortal](#).

## School Impact

We will await further details regarding school operations and impacts on regular school operations. At this stage our greatest concern is the end of year celebratory processes that will take place in the hall.

Please note **we have no plans to cancel these events**, however attendance and seating arrangements will be reviewed in line with directives that are in place as we get closer to these events.

Yours in education,

Evan Willis  
Principal
